A. Description of Responsibilities

Title IX of the Education Amendments of 1972 prohibits discrimination based on sex in education programs and activities in federally funded education institutions. Thus, all educational District programs and activities must be operated in a nondiscriminatory manner. Some key issue areas addressed by Title IX include: athletics; sexual misconduct, including sexual harassment and sexual violence; pregnant and parenting students; off-campus activities; recruitment and admission; and employment. Education Institutions must protect against discrimination in these areas and protect against retaliation against any person for opposing an unlawful educational practice or policy, or making charges, testifying or participating in any complaint action under Title IX.
